MEMORANDUM FOR: Chief, Industrial Security Support Division

SUBJECT : Security Supplement to Project Officers Handbook

REFERENCE : Discussion

1. of your office recently visited with the undersigned and was furnished a copy of the Project Officers Handbook. This publication is of great value in leading the project officer through the various steps of procurement.

2. In making initial and subsequent contacts with industrial organizations, project officers should have a set of procedures they can follow to insure that they are following good security lines. It is requested that your office prepare such a "cookbook" which could be used as a security supplement to the Project Officers Handbook.
